PROFESSIONAL SUMMARY

Passionate AI/ML engineer with a strong background in deep learning, computer vision, and natural language processing. Skilled in Python, TensorFlow, PyTorch, and various ML libraries, with additional expertise in data structures and algorithms using Java and frontend development using HTML, CSS, and JavaScript. Strong problem-solving, research, and collaboration abilities, seeking a challenging role to build cutting-edge AI solutions.

TECHNICAL SKILLS

- Programming Languages:** Python, Java, C, SQL, PHP, JavaScript
- Frameworks & Tools:** React, Tensorflow, Keras, OpenCV, NLTK, Git, Docker, Postman, Firebase
- Platforms:** VS Code, Linux, GCP, AWS, PowerBI

PROJECTS

- Language Tutor**
Artificial Intelligence Project

Feb 2025 – May 2025
Python, Javascript, WebSpeech API, Flask

 - Developed a speech-based learning web platform with pronunciation scoring and grammar correction features.
 - Integrated YouTube transcription, translation, and summarization using Whisper and Vosk models.
 - Enhanced speech recognition accuracy by 50% compared to Google Web Speech API through model fine-tuning.
- Face Recognition Based Attendance System**
Computer Vision Project

Sep 2024 – Dec 2024
Python, Flask, OpenCV

 - Developed an automated attendance system using face recognition with OpenCV and Python.
 - Implemented real-time face detection and matching using Haar Cascades and LBPH algorithm.
 - Stored attendance records securely in a database with date and time stamps.

POSITION OF RESPONSIBILITY

- Website Team Memberr**
IIT Raichur

July 2023 – Dec 2024
Karnataka, India

 - Collaborated with other developers and designers to maintain and update college official website
 - Implemented website updates, including new content, design changes, and functionality improvements.
- GDSC Core Member- Cloud Computing**
IIT Raichur

Jun 2022 – Jun 2023
Karnataka, India

 - Conducted workshops on Google Cloud, boosting cloud awareness among 100+ students.
 - Guided peers in deploying cloud apps using Firebase, Cloud Functions, and Kubernetes.

EDUCATION

- Indian Institute of Information Technology, Raichur**
B.tech in Computer Science

Karnataka, India
Dec 2021 – May 2025
- Sri Chaitanya Junior College**
High School

Andhra Pradesh, India
June 2018 – May 2020

PUBLICATIONS

- Published a research paper titled "An AI-Based System for Pronunciation Assessment and Tracking of Speech Fluency Variations" in the Springer presented at the PICS-2025 International Conference.
